Dear Rob & Lino

TO WHOM IT MAY CONCERN

Rob & Lino have recently finished a repaint of our family home in the City of Stonnington. Before they commenced they gave us a written quote, the approximate time involved and we decided to go ahead due to an excellent recommendation.

We chose Rob & Lino for a number of reasons.

1. They said they would do it themselves, even though it would take longer than a huge contract team. This was preferable to my wife Sarah. (We knew who we were working with)
2. They listened to us and made some excellent suggestions to help the outcome eg. colouring and helped the interior paint stylist with areas that were darker and needed lighter shadings.
3. Lino & Rob were patient with us, working around 4 school age children, with not so tidy rooms. They made us feel normal. They moved furniture in these chaotic times, and prepared us for the weeks ahead.
4. After 5-6 weeks they were part of the family, in fact at one stage we had a 21<sup>st</sup> birthday half way through the painting. They helped us reorganise the furniture back to some resemblance of a family home.
5. They were extremely thoughtful, reliable, hardworking and trustworthy. Above all we were delighted with the end result and have no hesitation in recommending them for a major repaint or a repair to a roof leak, as they have been back to repair ours

Yours faithfully

Peter Bennison
